Dear Charles:

The Libertarian Party of Michigan has requested that I forward to you this request for a contribution to their ballot drive.

The Michigan drive is now in progress, and the organizers appear to be doing an outstanding job, having achieved one third of their goal at this early stage. The ballot drive qualifies the entire party and, as the summary indicates, they expect three-quarters of their 1980 candidates to be non-federal.

As you know, Michigan holds an August primary which will determine whether or not LP candidates appear on the November ballot. We are confident that we can get through this primary if the petitioning is completed early.

I consider this to be a highly worthwhile effort, and I hope you will call me or Eric O'Keefe (313-898-3616) if you need more information,

Sincerely,

Chris Hocker
National Director
