Dear Charles:

P Please take a look at the enclosed letter which I wrote to our LP list in Idaho. I generally don't get quite so involved in individual races, but I think Larry Fullmer's case is an exception. Outside of Alaska, we don't stand a better chance, based on our past history in the district.

My own assessment is that Larry could do no worse than make it a true three-way tossup race. With about \$5000, he could win (that figure was given to me by a veteran Idaho political figure who is managing a Democratic Congressional campaign - and who supports Larry on the strength of his civil liberties positions).

Therefore, I urge you to make a significant contribution to Larry's campaign. You can send it care of the National Headquarters, or directly to "Fullmer for Senate," P.O. Box 4106, Pocatello, Idaho 83201.

Please let me know if you have any questions.

Cordially,

Chris Hocker  
National Director
