Dear Dr. Beckmann:

As a member of the National Executive Committee of the Libertarian Party, I would like to ask you to help us formulate a statement regarding energy policy that the LP could use to promote a rational alternative during the coming elections.

We are in the process of assembling a series of position papers (see the enclosed sample) dealing with the major issues of the day, and we desperately need one on energy.

If you would be willing to draft such a paper for us, of about the same length as the enclosed paper on inflation, please contact either Ed Crane or Bob Meier at the LP's new National Headquarters address: 1516 P Street, NW, Washington, DC 20005.

I hope you can help us out!

Sincerely,

David F. Nolan

Ed/Bob —
This man is exceptionally knowledgeable on the subject of energy. And that is the correct spelling of his name.
