ATTORNEY-GENERAL in respect of the New Zealand Police AND

First Defendant

THE DISTRICT COURT AT NORTH AND

**SHORE** 

Second Defendant

ATTORNEY-GENERAL in respect of the AND

Government Communications Security Bureau

Third Defendant

- I, , of Wellington, public servant, swear:
- I am the Assistant Director, Production and Outreach, at the Government Communications Security Bureau (GCSB).
- 2. I make this affidavit under an order for discovery by judgment of the High Court dated 5 December 2012, as elaborated by a minute dated 12 December 2012 (the discovery order). This affidavit addresses the orders at paragraphs [26] (a)-(c) of the judgment.
- 3. In order to fulfil those obligations, I have ensured a diligent search for all documents required to be discovered by the third defendant in terms of the discovery order, including locating all physical and electronic documents, including email communications.
- 4. In response to paragraph [26](a) of the 5 December 2012 judgment I can advise that GCSB first received the signed Request For Information from NZ Police (OFCANZ) on 16 December 2011. Consultation with the managers and staff involved confirms that it was received by hand on this date, in the afternoon.
- 5. In response to paragraph [26](b) of the 5 December 2012 judgment I can advise that there was no information-sharing agreement in place between GCSB and Immigration New Zealand during the period 1 September 2011-1 September 2012.
- 6. In response to paragraph [26](c) of the 5 December 2012 judgment, further documentation held by GCSB in relation to the residency status of Mr Dotcom and Mr Van Der Kolk is attached as follows:

- 7. Privileged material falling within this category of disclosure has been identified and withheld, as identified at 11.
- 8. I can also advise that, to date, the information that GCSB has passed to Five Eyes partner agencies is limited to selector information provided by OFCANZ, which included selectors associated with Mr Dotcom and Mr van der Kolk. No information concerning Mr Dotcom or Mr van der Kolk which GCSB obtained as a result has to date been shared with the Five Eyes.
- 9. The only information related to Operation DEBUT otherwise circulated by GCSB beyond the department or the Responsible Minister were the emails and End Product Reports supplied to OFCANZ and attached to the affidavit of Detective Inspector Grant Wormald, as well as the February debriefing with OFCANZ and DPMC.
- 10. However, in September 2012 GCSB supplied information to the Inspector General of Intelligence and Security to assist his investigation and Police have requested information as part of their criminal investigation. On 19 December 2012 New Zealand Police viewed the material to be attached to the disclosure affidavit due on 21 December 2012, for the purpose of redacting Police

material. GCSB has also shared information with Crown Law for the purpose of seeking legal advice in relation to the present proceeding.

11. To the best of my knowledge and belief, this affidavit is correct in all respects and carries out my obligations under the discovery order.

ORGANISED AND FINANCIAL CRIME AGENCY NEW ZEALAND

16 December 2011

Director **GCSB** WELLINGTON

Atlention

TF DEBUT:

Request for GCSB support with regards to NZ Police enforcement of

international warrants against Mega Media Group

OFCANZ requests GCSB's assistance pursuant to section 8(1)(e) of the GCSB Act 2003, which permits GCSB to assist OFCANZ with the provision of foreign intelligence on the understanding that this request contributes to a function of OFCANZ and supports of the prevention or detection of serious crime.

- OFCANZ holds an interest in a group of persons known as the Mega Media Group, due to them being the subjects of international arrest warrants issued by the United States Federal Bureau of Investigation (FBI) in regards to large-scale copyright infringement and money laundering offences. FBI has requested NZ Police assistance in executing the arrest warrants against Mega Media's officers and seizing assets understood to be the proceeds of the organised criminal activity.
- OFCANZ requests GCSB's assistance in gathering intelligence on Mega Media Group's executives' intentions to travel to New Zealand in mld to late January 2012. If New Zealand Police undertake operations to execute the arrest and seizure warrants, intelligence on the group' plans may assist NZ Police in conducting the operations in a safer and more efficient manner.
- OFCANZ therefore requests that GCSB conduct SIGINT analysis against persons associated with Mega Media Group - in particular its executive officers: Kim Schmitz (also known as Kim Dolcom and Kim Tim Jim Vestor), Finn Batato, Julius Bencko, Sven Echternach, Mathias Ortmann, Andrus Nomm, and Bram van der Kolk, in order to better inform OFCANZ and NZ Police operational planners as to the group's intentions.
- The precedence of this request is PRIORITY.
- 5. Thank you for your assistance. If you would like to discuss this further, please contact Detective Sergeant Nigel McMorran (04)

for Grant Wormald Detective Inspector

See the lists and notes below on the selectors belonging to NZ-based persons that were entered into GCSB during TF DEBUT.

Note on traffic volume from these selectors. We intercepted from the first two selectors on the list. Obviously only a small fraction of them were used in the reports that were generated. We had no collection on Dotcom, and I'm advised we saw a little none of which was used in reporting).

Bram Van Der Kolk selectors – see note below GOSB

\* I only attempted to task these selectors on 22/12/2011 after

My point is, the fact that these selectors appear in draft format and do not appear in a list indicating that their tasking was approved means that these selectors were never actually tasked for collection as also confirmed this).

However, we did report Bram as being the user of GCSB 20-12 after it was seen in contact with Sven Echternach, whose selectors were tasked. The series of about 10 GCSB between Echternach and Bram on that particular day were the only time we saw content on Bram's selectors. No GCSB intercept.

With respect to Op DEBUT, it is becoming apparent that there are some serious issues that might need to be addressed.

We have some checks under way with Immigration to satisfy your request regarding residency status and dates for the DEBUT targets. The likelihood is that these checks will show that all three have NZ residency status.

There are some important (but subsequently incorrect) assumptions and apprehensions from our end that I wish to spell out.

- 1. Some OFCANZ staff (including myself) assumed that citizenship/nationality rather than residency is the test/defining criteria for targeting/exemption, and/or made incorrect assumptions as to what actual status of particular individuals was based on intelligence received.
- 2 . Some OFCANZ staff assumed that certain persons were indeed not being targeted and that the intelligence received was derived from external, non-resident targets.
- 3. With several points of contact at both ends, and not everyone viewing the written reports, these two misapprehensions were able to continue.

The bottom line is that we accept that some errors of process and judgement may have occurred and where they have, we take responsibility for our part in those. I can assure you that our request for assistance was submitted in nothing other than good faith.

We remain keen and available to assist in any way we can to manage potential issues or consequences and Deputy Director Ray Van Beynen has offered to come down and discuss the matter this afternoon or at your convenience.

Regards,

COSE
